Trust builds confidence

The demands on today's dental products continue to grow, and dental professionals need to heighten their productivity and ensure consistent reliability in order to maintain their competitive edge.

By choosing IPS e.max materials you are making the right choice, because these materials have proven their long-lasting clinical performance on a daily basis³.

Your satisfaction is of utmost importance to us.

To maximize the trust we have in our material, and the trust you have placed in us, we are pleased to offer a 10-year guarantee for IPS e.max restorations.

After placement

10 years in situ

Dr. Sidney Kina/José C. Romanini, Brasil

³ Boldt J, et.al., DZZ 72 (4), 2017

Your trust; **our promise.**

We have complete confidence in IPS e.max, and we would like you to obtain the full benefit of using this product!

What does this mean for you when you place a new restoration?

The dental technician and the dentist both benefit: The laboratory will receive a once-off reimbursement or a replacement of the product under guarantee, while the dentist will be reimbursed for the replacement or repair of the work previously accomplished.

The IPS e.max guarantee is valid from 1 July 2020 and also applies retroactively for five years for dental restorations that were permanently placed on 1 July 2015 or later.

Peace of mind with IPS e.max®!

Regardless of which IPS e.max products you use and whether you used them five years ago or will be using them in the future:

Our IPS e.max guarantee: 10 years, versatile, worry-free.

- The guarantee covers the following IPS e.max products: zirconium oxide (IPS e.max ZirCAD), lithium disilicate (IPS e.max Press and IPS e.max CAD) as well as layering ceramics (IPS e.max Ceram).
- We offer a 10-year guarantee on newly placed restorations. It also applies retroactively for restorations that were placed during the past five years.
- We guarantee that correctly and professionally fabricated IPS e.max dental restorations will not show any material defects.

All-around protection for your IPS e.max® restorations

High-quality restorations deserve special care and protection in order to maintain their proper function and esthetic appearance for a long time.

Proxyl prophylaxis pastes, for example, effectively clean dental hard tissue and restorations.

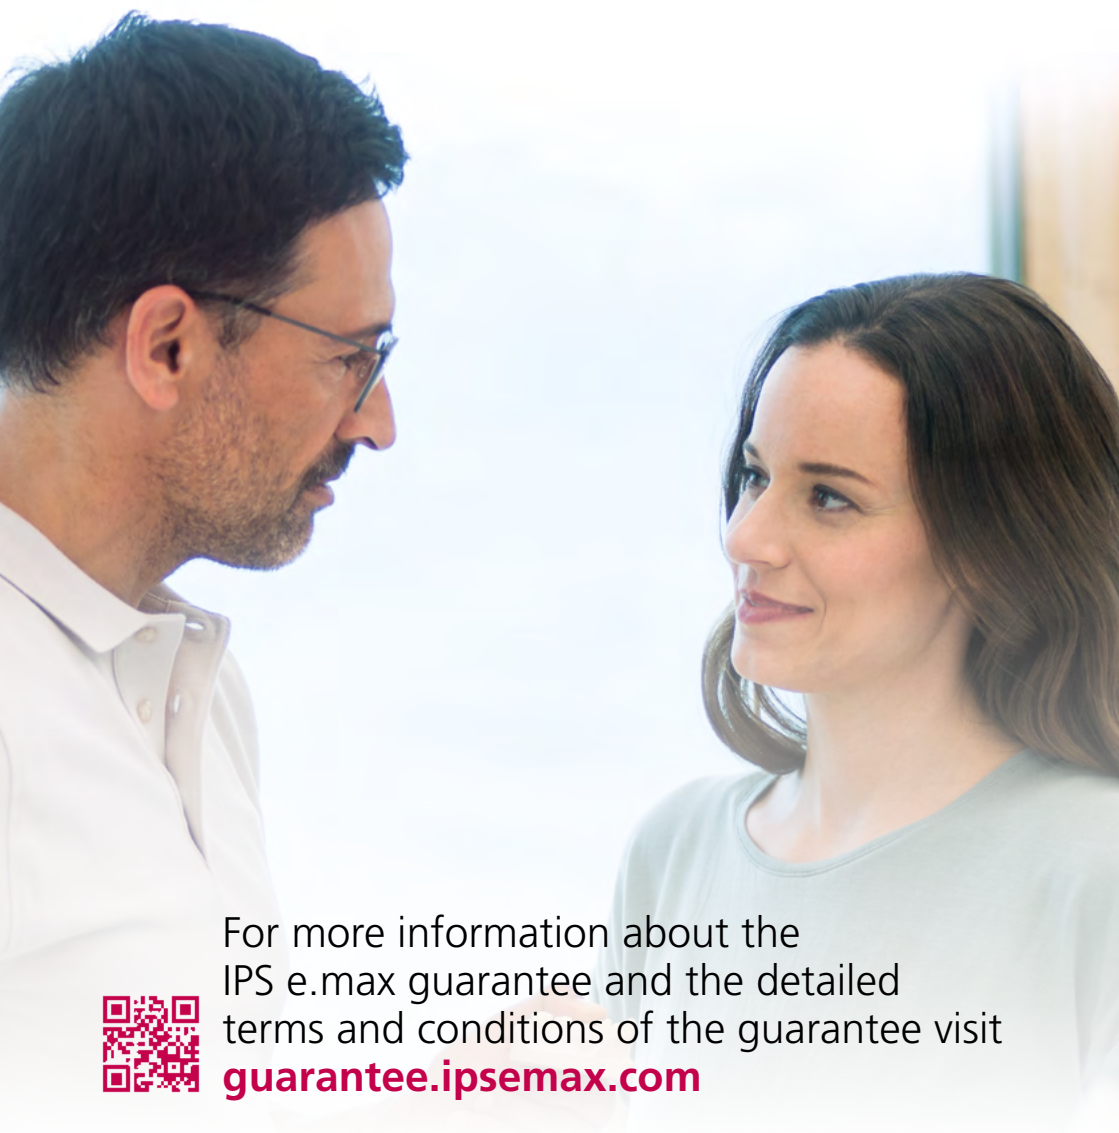

How do I file a claim?

The attending dentist who placed the restoration and the commercial dental laboratory that fabricated the restoration are entitled to file a claim.

You can file the claim by submitting the guarantee form which is available from your Ivoclar Vivadent sales representative or customer service.

The IPS e.max® guarantee: For greater confidence and satisfaction
